PASC-SCPA 2024 e-conference

The program is in Central Standard Time to accommodate both East and West coast participants. The conference begins at 10:00 AM sharp; times are given in a 24 hour clock to avoid confusion.

FRIDAY FEBRUARY 2

10:00–10:10 AM

OPENING REMARKS

10:10 – 11:00

INVITED KEYNOTE

Prof. Andre Costopoulos

Letting ourselves publish beyond the journal

11:00 – 11:15

Eugène Morin, Rebecca Bliege Bird, Douglas Bird & Bruce Winterhalder

Cooperative hunting: Evolutionary insights from the ethnohistorical record

11:15 – 11:30

Genevieve Dewar, Julia Zastrow, Charles Arthur & Peter Mitchel

A zooarchaeological perspective on late Pleistocene/early Holocene human behaviour in the Maloti-Drakensberg region, southern Africa: The view from Ha Makotoko and Ntloana Tšoana rock-shelters, Lesotho

11:30 – 11:45

Julien Riel-Salvatore, Fabio Negrino, Silvia Gazzo, Geneviève Pothier Bouchard & Amélie Vallerand

Riparo Bombrini: A high-resolution overview of the Middle-Upper Paleolithic transition

11:45 – 11:50

Yassmine Ghalem & Michelle S. M. Drapeau

“Mini-photogrammetry”: Challenges and solutions

11:50 – 11:55

Predrag Radović, Sanja Alaburić, Mirjana Roksandic & Zoran Marković

New monkey molar from the Pliocene of Ridjake, Serbia

11:55 –12:00 Catch up time if over schedule

12:00 – 12:10

Jeremy A. Beller, Caitlin Craig, Holly O’Neil & Mark Collard

New light on the prehistory of the central Azraq Basin, Jordan: Results of wadi surveys conducted in 2022 and 2023

12:10 – 12:20

Alan Guildbault, Jeremy A. Beller, Maysoon al-Nahar & Mark Collard

The Jordan Predictive Palaeoanthropology Project: Details and research update

12:20 – 12:30

Julia Bougnier & Zachary Cofran

Dental development in the white-handed gibbon (*Hylobates lar carpenteri*): An update

- 12:30 – 12:35
Michelle S.M. Drapeau & Sarah Borgel
Does she or doesn't she? Another look at osteon size
- 12:35 -13:30
LUNCH WORKSHOP
Anneliese Eber
Navigating research data management in paleoanthropology
- 13:30 – 13:45
April Nowell & Rebecca Farbstein
Children, apprenticeship and ceramic production in the Gravettian
- 13:45 – 14:00
Mark Collard & Brea McCauley
Religious sacrifice in the Ice Age? Ritual finger amputation as a potential explanation for the Gravettian hand images with incomplete fingers
- 14:00 – 14:15
Drenna Lameg & Benjamin R. Collins
Reflecting on the unethical procurement of Indigenous cranial casts: Decolonizing institutional collections and the imperative for responsible acquisition of materials
- 14:15 – 14:25
Jessica Wollmann-Reynolds, Nicole Peterson, Bence Viola, & Michelle E. Cameron
A cross-species comparison of the rotational profile of the lower limb among humans and non-human primates: Preliminary results.
- 14:25 –14:30
Mirjana Roksandic
Across continents
- 14:30 –15:00
COFFEE BREAK
Poster viewing:
Amalya Babayan, Julia Boughner & A. B. Leece
3D exploration of molar teeth and crypts in mice and hominins
- 15:00 – 15:15
Valentina Martinoia, Ivor Karavanić, Cara Kubiak, Rebecca MacDonald & Michael Richards
Compound-specific stable isotope analysis of individual amino acids (CSIA-AA) confirms freshwater fish consumption during the Late Upper Paleolithic at Šandalja II (Croatia)
- 15:15 – 15:30
Michael Chazan
A Big story about a little stone: A new find from the Howiesons Poort of Kathu Pan 6
- 15:30 – 15:45
Mirjana Roksandic & Christopher Bae
Will removal of unpalatable taxonomic names destabilize palaeoanthropology?
- 16:00 – 17:00
BUSINESS MEETING
- 17:00 –
SOCIAL GATHERING
(bring your own drinks)
